All shows need to be accompanied by a 30% deposit at the time of signing and a credit card for installments. The balance will be broken into two or more roughly even installments and charged to the merchant's credit card according to the agreed upon plan. Each installment will be assessed a \$5 fee per show per installment. All shows need to be paid off no later than 60 days before the first day of that show.

All payments are non-refundable at any time.

Installment plans are subject to approval. You will receive an installment form signed by us for your records once your installment plan is approved.
